

GREENCASTLE IS POISED FOR GARY CONTEST

MORE THAN 1,100 FANS WILL CHEER FOR CUBS AT AT SEMI-STATE

Greencastle's Tiger Cubs are assured of a large and loyal cheering section in the Purdue fieldhouse tomorrow afternoon in their Lafayette semi-state basketball tussle with Gary Roosevelt.

Over 1,100 tourney tickets were sold at the office of Principal Norman McCammon this week. It's a sure bet that just about everyone who purchased a ducat will be on hands when Coach Tom Goldsberry's net tossers make their appearance on the Purdue hardwood court for the second game of the afternoon.

Coach Marion Crawley's Jeff squad tangles with Monticello in the first tilt which will start at 2 p. m. Greencastle time.

The Cubs worked out in the fieldhouse yesterday for two hours and Goldsberry said this morning that his players were in good shape. The Greencastle team will leave for Lafayette Saturday noon.

A pep session for the regional, sectional and Wabash Valley champions was held in the business district this afternoon at which time the Cubs were given a rousing send-off to the semi-state.

The probable starting lineup for the battle with Gary will be John Ray and Chuck Dickson at the forward berths. Bucky Patterson will hold down the pivot slot and Bill Fobes and Gilbert Brown are expected to be at the guard positions.

Referees at the Lafayette tournament will be John Hilligoss, Don Lieberman, Don McBride, Eugene Sparks, Gerald Strickler, Marvin Todd.

KILLED EARLY TODAY

NEW HAVEN, Ind. (UP)—Claude Stellar, 81, R. R. 12, Fort Wayne, was killed early today when an automobile knocked him to the pavement and a big truck ran over him.

State police said Stellar was standing on the berm of U. S. 30 a mile west of here and then walked into the path of an automobile driven by Jack Taylor, 25, R. R. 12, Fort Wayne. Taylor jumped out of his car and attempted to flag traffic around the injured man.

A big truck driven by Lewis Berger, 31, Loogootee, ran over Stellar.

WILL SELL COOKIES

Starting Saturday morning at 9 a. m., Girl Scouts and Brownies will proceed with the sale of their famous Girl Scout cookies which are available only once a year. No advance orders will be taken this year, because all troops are competing for a prize to be awarded to the group selling the most after the "Go" signal.

There will be a downtown cookie stand in front of Prevo's and one at the DePauw Student Union Building, as well as the usual door-to-door service.

Last year Girl Scouts sold 1,344 boxes of cookies locally, and are prepared this year to top that amount.

NEW RECORD HIGH PRICE

BEING PAID FOR GASOLINE

Putnam County motorists are paying two cents more for gas today, as a result of the increase made by the legislature. In most stations the price was 32.9 per gallon for regular Ethyl gas, while the regular was slightly lower. The present tax is 9 cents per gallon.

GIRL SCOUTS ARE ASSISTED BY VOLUNTEERS

LOCAL HISTORY OF GIRL SCOUTING GOES BACK THIRTY-FIVE YEARS

More than 99 per cent of the 670,000 men and women in Girl Scouting are volunteers who contribute their interest, time and talents for the benefit of girls. It is through the hours of service given by leaders, their assistants, Council members, mothers, and DePauw students that the Girl Scout program is successfully carried out in Greencastle.

The responsibility of overall planning and organization is assumed by the Council members who are elected for a three year term. The officers of the present Council are: Mrs. Charles Rector, Jr., president; Mrs. Sydney Mandelblatt, vice-president and equipment chairman; Mrs. Albert Reynolds, secretary; Mrs. James Roberts, treasurer and chairman of Fern Cliffs; Mrs. Robert Crouch, membership and nominating chairman; Mrs. Frederick Dettloff, vice-chairman, membership and nominating committee; Mrs. Theodore Glidewell, camp chairman (all camps); Mrs. Ernest Collins, camp vice chairman (day camp); Mrs. John Neyhard, finance; Mrs. Harold Scholl, program chairman; Mrs. James Johnson, Juliette Low chairman; Mrs. John Reiling, training chairman; Mrs. Robert Farber, special committees; Mrs. Clinton Green, public relations; Mrs. Thomas Slaughter, troop organization chairman; Mrs. Joseph Domasco, Fern Cliffs development committee; Mrs. Donald Riley, member of equipment committee.

Other members of the Council who are elected from the Leaders' Organization for a one year term are: Mrs. Lloyd Conyers, Mrs. Hershel Sheldon, Mrs. Ray Wilson and Mrs. Betty Letts. Mrs. Joseph Domasco, with the help of Mrs. James Johnson, has been in charge of organizing the entire program for this year's Girl Scout week, and was also the overall director of the pageant given last Sunday.

The history of Girl Scouting in Greencastle goes back 35 years to 1922 when Miss Margaret Gilmore, Mrs. E. B. Nichols and Miss Elsa Taylor organized the first local troop. Miss Taylor was the official leader and the group was sponsored by the Century Club. Dr. Anne Nichols was one of Greencastle's second-year Girl Scouts and later was Mrs. Laurel Turk's assistant with the troop of 1929. The Century Club sponsored the Girl Scouts until 1934, when the group became large enough to warrant the organization of a Council.

Dr. Anne Nichols recalls that her mother, Mrs. E. B. Nichols, was elected the first commissioner of the Council, but illness soon prevented her from serving. According to the records Mrs. Fred O'Hair was first president, followed by Mesdames Hiram Jome, Paul Hunt, Herrick Greenleaf, B. F. Handy, Robert Williams, Lois Arnold, Grafton Longden, Sr., Frederick Dettloff, Theodore Glidewell, Sydney Mandelblatt and Charles Rector, Jr.

Greencastle's Girl Scout troops have continued to increase through the years to the present group of 18 troops that include 285 registered members. Girl Scouting has helped girls prepare for a future of better citizenship. Much credit is due the volunteer leaders who have shared in their training.

Equipped With Atomic Weapons

BONN, Germany (UP)—U. S. troops in Germany are equipped with atomic warheads, a West German defense ministry spokesman announced today.

The spokesman said the North Atlantic Treaty Organization council of ministers would decide when and whether the live atomic ammunition would be used.

He emphasized the U. S. troops had only tactical atomic ammunition, not including hydrogen bombs.

ITS GIRL SCOUT COOKIE TIME AGAIN

Miss Carol Rector, daughter of Mr. and Mrs. Charles Rector, Jr., and Miss Judith Howlett, daughter of Mr. and Mrs. Elbert Howlett, sell Mayor Evan Crawley the first box of Girl Scout cookies to be delivered in Greencastle for 1957.

IDES OF MARCH

WASHINGTON (UP)—Today is the Ides of March—the day Julius Caesar was assassinated and Americans used to pay their income tax.

March 15 was the deadline for paying personal income taxes for years. But now it's just another day.

The 1954 Internal Revenue Act gave the taxpayers another month to work on their tax forms. Since 1955 the deadline has been April 15.

The first pair of twin boys to be born at the Putnam county hospital in many months, arrived Friday morning. They are sons of Mr. and Mrs. William Johnson, Greencastle.

Born to Mr. and Mrs. Donald Westfall, Fillmore, Thursday, a daughter.

IKE NAMES HOOSIER

WASHINGTON (UP)—John S. Hastings, president of the Indiana University Board of Trustees since 1951, was nominated by President Eisenhower Thursday to the U. S. Circuit Court of Appeals in Chicago.

Hastings, 58, a close political associate of Indiana Sen. Homer Capehart, was named to replace retiring Judge J. Earl Major.

On March 12, we received a note saying it was the 45th anniversary of the big wreck on the Big Four between the station and the overhead pass, now road 43.

Carl Byrd of Fillmore, who was dispatcher at Reno at the time, has brought us several pictures, two of which are shown above. In addition, he has the original written order which transferred the west bound freight train from the west bound track to the east bound.

The order reads: "Eng sixty seven naught two (6702) run extra and has right over opposing trains on eastward track, Reno to cross over at Delmar."

This was done in order to allow a fast passenger train to pass on the west bound tracks before the train reached Delmar. Instead the passenger train got out of Indianapolis late and did not pass the freight.

A second order sent the train on to Greencastle on the east bound tracks. It reached here

and the engine crew covered their headlights as was the custom then with oil lamps, and went to the tower to talk to the dispatcher. He thought the freight was in the clear and never questioned where it was standing. As a result, it stood on the east bound tracks with headlights covered, for 28 minutes, or until the fast east bound passenger came along and plowed into it. Engineer Milham on the extra freight 6702 was killed in the crash, as was the fireman on the passenger train No. 20.

Other pictures, than the above, showed the two locomotives almost welded together. One showed the Pullmans standing almost straight up on the north side of the fill, where the overpass bridge is now located. One thing we well remember is that the large brass cuspidors in the Pullmans at the time disappeared. Weeks later they were recovered from a local fraternity house. Other pictures showed huge crowds at the station watching the wrecking trains clear the debris from the tracks.

RED CROSS IS PREPARED TO SERVE COUNTY

READY TO HELP HOME AREA IN CASE OF AN EMERGENCY

The American Red Cross is chartered by the Congress of the United States to meet human need in peace and war. Therefore, its two main functions are the services to the armed forces and responsibility for disaster relief. Other primary functions have been added over the years making ten in all—some of which are First Aid, Water Safety, Blood, Home Nursing and Junior Red Cross programs.

How does the Red Cross serve citizens of Putnam County?

A well organized Disaster Relief Committee is prepared to give assistance in case of emergency any place in Putnam County and in adjoining counties if needed.

First Aid and Home Nursing classes are held each year in the county with Certificates awarded persons completing this training. These trained men and women man our First Aid stations at the County Fair, 4th of July celebrations and other activities where there is a need for such service. Last year Home nursing certificates were issued to 72 women and students in the county and 10 were certified for Mother and Baby Care.

Through a plan with the Red Cross and DePauw University, 87 students were granted Instructors Certificates last year which authorized them to serve as Life Guards and Swimming and First Aid Instructors.

One hundred and eighty-nine certificates in swimming were issued to children in the county who attended 3 weeks courses in swimming at the DePauw pool, Windy Hill pool and at Cagle Mill Park under Red Cross instructors.

The local chapter receives an average of 8 to 10 cases a month in Home Service and they are on duty 24 hours a day. Requests for emergency leaves due to illness or death in family, extension of leaves, assistance to service men in financial difficulties and counseling in personal and family problems constitute the main services.

Fifty-two and two tenths per cent of the \$8,613.00 quota for Putnam County will remain in the county, so give and give generously.

Budapest Is An Armed Camp

VIENNA, Austria (UP)—Communist fears of a new freedom revolution turned Budapest into an armed camp today.

The Red army which crushed the October uprising stationed tanks and troops at key points throughout the city. The puppet Hungarian government called for daylong Communist meetings around the country.

Anti-Communist freedom fighters have threatened for several weeks to demonstrate openly today on the 109th anniversary of the uprising against the Hapsburg oppression.

But in leaflets distributed earlier this week the underground warned against violence that would provoke another slaughter by Soviet guns.

The leaflets said the demonstrations should be peaceful but pointed-leaving the government of Premier János Kadar in no doubt as to its unpopularity.

The Russians were not convinced. It was just such a peaceful demonstration by Budapest students last Oct. 25 that sparked the armed revolts by tens of thousands of Hungarians sickened by 11 years under the Soviet heel.

The Red army stationed heavy guards around government ministries, Communist Party headquarters and at railroad stations and bridges. Tanks took up supporting positions at strategic points.

Light Snow In Parts Of State

By United Press

Light snow fell on parts of Indiana today as temperatures dipped below freezing on the heels of statewide readings in the 70s.

The clash of cold air from Canada with a warm front that gave Hoosiers a foretaste of spring the last few days, touched off thunderstorms and threats of tornadoes Thursday night.

Snow fell at South Bend after dawn this morning and the temperature touched 30 degrees there and 29 at Goshen, points which registered highs in the 70s only a few hours earlier.

Residents of a broad band running northeasterly from Vincennes to Goshen rode out a four-hour storm alert Thursday night. The weather bureau had warned shortly after 9 p. m. CDT that "conditions are favorable for the possible development of a few tornadoes" in an area bounded by Danville, Ill., Goshen, Portland and Vincennes.

But several hours later the alert was cancelled after only brief storms of moderate violence were recorded.

At Terre Haute, winds toppled a few trees and were blamed by police for contributing to four traffic accidents.

The Luther Goen home at Marion was damaged by wind gusts that broke two upstairs windows and flattened a utility pole across the street.

Ike Heads For Warmer Climate

ABOARD EISENHOWER ESCORT SHIP (UP)—President Eisenhower headed into warm southern waters today on a leisurely cruise that he hopes will clear up the last of his bothersome cold.

The President was bunked sumptuously aboard the guided missile cruiser Canberra as it slowly traveled down the Atlantic Coast between the destroyers Wood and Barton in anti-submarine formation.

The small flotilla cleared the Virginia capes about 9 o'clock Friday night. The President retired shortly afterward as the ships headed into open seas under a bright moon.

Mr. Eisenhower's destination is Bermuda for a unity conference with British Prime Minister Harold Macmillan. The Canberra is scheduled to arrive March 20.

Mr. Eisenhower flew from Washington to Norfolk, Va., Thursday to board the bristling missile ship.

Presidential Press Secretary James C. Hagerty indicated that Mr. Eisenhower, a former general who has been strictly a land-lubber on his previous vacations, was taking to the sea like an old salt. He said the President was "feeling fine."

OLYMPIC STAR GIVES SPLENDID TALK THURSDAY

HIGH SCHOOL NET TEAM ENTERTAINED BY KIWANIS CLUB

Bob Richards, Olympic champion pole vaulter delivered the best talk to an athletic minded audience in the Gobin Memorial Church Thursday evening that we have ever heard. Frank DeVaney, president of the Greencastle Kiwanis Club opened the meeting, and the Rev. Harlan offered thanks. Don Tourtelot served as toastmaster and introduced Tom Goldsberry, who presented the high school basketball players, cheer leaders and managers. Mr. Tourtelot then introduced other guests, including Mrs. Goldsberry, Mr. and Mrs. N. B. McCammon, Mrs. DeVaney, Supt. and Mrs. Royce Kurtz, Mrs. Richards, Rev. and Mrs. Kermit Morrison, Mr. and Mrs. Paul Buechler, Kenneth Eitel, Mr. and Mrs. John See, and Mr. and Mrs. Lloyd Cooper.

Mr. Richards said "sports is a means to an end," and he took his audience to Melbourne, Australia to the recent Olympics as the setting for his talk. He said he was pleasantly surprised to come to Greencastle to find Mr. and Mrs. Royce Kurtz here, as the most important pastor in his own church was D. W. Kurtz, father of Royce. He then launched into his masterful address, by telling of the Spiritual Dimensions needed to win in such contests as basketball and the Olympics. He cited such international champion runners, shot putters, pistol shooters, swimmers, tower diving and other champions, saying they had to have something to go on, other than a torn body, a spiritual inside that caused them to go on and win.

He cited his own case in clearing the pole vault bar at 15' and he knew he was going to hit the bar with his hands as he descended, but he couldn't help it. The bar tottered for two seconds, the longest in his life, while he looked at it and a newspaper report said he spent the two seconds praying. He said the bar wiggled until it neared the end of the pins and then stopped.

He told many other interesting incidents of the desire and spiritual needs of winning, and added that to win in such competition, one must be perfect. He cited this Scripture in closing "Be Ye Therefore Perfect, Even As Your Father in Heaven is Perfect."

Elkhart Couple Hurt In Wreck

A retired Elkhart city policeman and his wife were injured in a one-car traffic accident on U. S. 40, just west of Pleasant Gardens at 6 p. m. Thursday.

In the Putnam county hospital Friday morning were Samuel Camp, 52, and Winifred Camp, 51. Both were reported in "fairly good" condition.

State police said the couple was going west on 40, en route to Fort Leonard Wood, Missouri, when Mrs. Camp, who was driving, lost control of the automobile. The car left the pavement and turned over, throwing both of them onto the grass plot.

Jury Will Act In Hoffa Case

WASHINGTON (UP)—A federal grand jury was expected to act swiftly-possibly today —on bribery charges against James R. Hoffa, pint-sized "crown prince" of the huge Teamsters Union.

The jury, which met for two hours on the charges Thursday, was called to continue its investigation this morning. There were strong hints quick action was likely. The government asked for an indictment.

John Cye Cheasty, the staff member who allegedly cooperated with the committee and FBI to trap Hoffa with committee documents in his possession, testified before the grand jury Thursday. Cheasty, who is being kept "under wraps" by the FBI for his own protection, slipped into the jury room and out unnoticed by newsmen and photographers. The fact that he had testified was only disclosed later by U. S. attorney Oliver Gasch.

Navy Blimp On Record Flight

KEYWEST, Fla. (UP)—Fourteen weary crew members of a record-breaking Navy blimp end an 11-day history making journey when the ZPG-2 lands here tonight.

If the cigar-shaped blimp lands on schedule at 6:30 p. m., it will have eclipsed the previous record for unrefueled flight by about 64 hours. Wednesday night it smashed a distance record of 6,890 miles set by the Graf Zeppelin on a flight from Germany to Japan in 1929.

The lighter-than-air craft has soared over three continents since it left its home base at the Naval Air Station, Weymouth, Mass., March 4. By 6:30 p. m. it will have remained aloft 264 hours.

The ZPG-2 went far over the North Atlantic, swung south toward the Azores and Portugal and down along the African coast before swinging across the Atlantic again. They crossed north of Puerto Rico and then loitered off the Florida coast awaiting the 6:30 p. m. target landing time.

The 342-foot craft, filled with one million cubic feet of helium gas, moves along at about 71 knots.

The craft is designed to carry long range radar equipment. It can be a unit in the early warning radar picket line or can be highly effective as a long range submarine hunter.

Girl Held In Baby Slaying

JACKSON, Mich. (UP)—An 18-year-old girl who told police she "likes to choke and kill" was held on murder and kidnapping charges today in the bathtub drowning of a three-year-old baby.

Madeline Allred, Pontiac, Mich., was arrested for loitering near Jackson Prison Thursday night and shocked police when she volunteered a confession that she had killed little Patricia Tierman earlier in the day by holding her under water in a bathtub "for at least two hours" in a Detroit hotel.

Detroit police, who were notified immediately, rushed to the hotel and found the girl's body in the tub. "I don't know why I did it," police quoted the girl. "Except maybe because I don't especially like babies. Besides, I always did like to choke and kill people and animals."

Many Die When Trains Collide

ITALIA, Finland (UP)—Two express trains collided head-on in a snowstorm near here today.

By noon at least 18 bodies had been found in the splintered wreckage.

At least 50 persons were reported injured, 30 seriously.

A company of soldiers was helping rescue teams search the twisted and telescoped cars for victims.

The trains met as they rounded a curve from opposite directions in a heavy snowfall.

Mr. and Mrs. L. C. Brown have returned to their home after spending several months in Florida.

DECLARE OPEN SEASON ON BASS, PANFISH

INDIANAPOLIS (UP)—The Indiana Department of Conservation today declared an open season on bass and panfish this year.

A new order decreed that the normally closed spawning period from May 1 to June 16, will be open in 1957.

Fish included in the group are large and small mothe bass, spotted bass, pike or pickerel, white or striped bass, sauger, walleye, bluegill, yellow perch, rock bass, red eared sunfish and crappie.

Bag limits and catching methods were not affected by the order.

The orders were based on an open hearing held by the department in February.

WASHINGTON (UP)—West Coast Teamster boss Frank W. Brewster told the Senate Rackets Committee today that charges linking him with hoodlums are "absolutely fantastic and completely untrue."

Brewster was the climax witness in the committee's sensational three-week investigation of activities by racketeers and Teamster Union officials in Portland, Ore.

Brewster Before Senate Probers

WASHINGTON (UP) — The Senate Rackets Committee called western Teamster Boss Frank W. Brewster before it today as the climax of its sensational hearings on alleged union-hothead links in the Northwest.

Brewster already has been cited for contempt of Congress for refusing to answer questions at another Senate committee hearing on Teamster activities. But he promised to cooperate when he appeared before the special rackets committee today and its chairman, Sen. John L. McClellan, D-Ark.

Terry denied this.

Was willing to contribute \$10,000 last year to the successful campaign of Democratic Gov. Robert Holmes if Holmes would appoint a Brewster agent to the state Liquor Control Commission.

Holmes was reported to have spurned the idea.
